ASA INSTITUT

ASA INSTITUTE

OLD meets NEW

ASA meets ASA Institute

❑ *Restoration of cultural and historical building*

❑ *Area: 2,321 m2 (3 floors)*

Our goal

❑ *Preserve the original shape and traditions while incorporating modern concepts*

❑ *Modernize the facility to enhance safety and extend its durability*

❑ *Non- profit legal entity, operating in the public interest, established according to the law*

❑ *Brings together patients, clinicians, researchers, industry, and authorities*

❑ *Translate research and innovations into benefits for the patients and society*

ASA INSTITUTE
Research. Development. Innovation

ROLE

- ❑ To keep a business competitive by providing insights into the RDI market and developing new services/products or improving existing ones accordingly

- ❑ Institute is one of the key foundations of the ASA Group, facilitating synergy between Science & Technology, business, and entrepreneurship. It aims to develop innovative solutions and services through international projects and partnerships

OBJECTIVES

- ❑ To conduct R&D projects and disseminate the results of these activities publicly through teaching, publications, and knowledge transfer

- ❑ To promote the culture of innovation and the competitiveness of business and science-based institutions. To assist in the creation of an efficient working environment

NETWORKING

- ❑ Conferences, seminars, workshops, meetings, internships, and training schools are organized to create the RDI network and empower young doctors (specialists) and researchers, respectively

- ❑ Networking tools facilitate the sharing of expertise, gaining new knowledge and experience and conducting international collaborative research

❑ *On area of 2,321 square meters, there is a conference hall with 100 seats, a coffee bar with a mini-kitchen, a meeting room and a spacious auditorium decorated with reproductions from the Austro-Hungarian period*

.

❑ ASA Institute provides solutions for organizing small or large events, presentations, private meetings, educational sessions, or workshops that will meet your expectations and those of your collaborators

❑ Facilities are equipped with modern technology and comfortable seating arrangements to ensure a successful and memorable event

Our location is ideal and easily accessible

Transporation arrangements for one-day and multi-day events

Food and baverage

Team of professionals offers top-notch services to ensure a seamless event

❑ *The meeting room offers privacy and focus. Adjacent to the meeting room, there is a café bar with a mini kitchen, a relaxation area, and refreshments*

*Modern technology- audiovisual capabilities and interactive tools*
